

We proudly present the artists of ART INTERNATIONAL ZÜRICH 2020

Once again, the historic Puls 5 Foundry Hall in Zurich-West will be transformed into a magnificent art palace. Since 1999, the ART INTERNATIONAL ZÜRICH has been presenting exciting and contemporary art. Experience diverse artistic concepts from the fields of painting, graphics, sculpture and photography in an exhibition dedicated entirely to dialogue.

We are happy to present ART INTERNATIONAL ZÜRICH again this year despite the Corona pandemic. A protection concept adapted to the current health and legal situation will be implemented for the event. You can see our hopes and fears. We are striving for a safe and sustainable art experience and ask for your understanding for the measures necessary.
